The Bright region and indeed the north east of Victoria, have always been regarded as picturesque and spectacular places to live and visit. We'll learn about all sorts of towns and villages along the way including Myrtleford, Bogong Village, Mt. Beauty and of course Bright and wonder at the spectacular natural beauty of the region.

Magnificent tall oaks, ashes, poplars and many other varieties of trees and shrubs in this part of the State are second to none, with tourists both young and old coming from around the country to soak up the ambiance. Your Bright motel (home for the 4 nights) is set in tranquil gardens and is only a few minutes walk from the town centre and situated close to walking paths that will take your worries away. We'll also enjoy some special scenes on our adventure, travelling through Alexandra and the 'Black Spur' what a great drive!!

Prepare yourself for a sensory treat mixed with amazing scenery. Add some free-time to explore and wander, and you have the ingredients for a wonderful short break. Join with 'old friends and new' as we explore the local area and find out what makes this region 'tick'. This 5-day adventure is designed to be relaxed & casual, yet informative and interesting. I hope you can join us.
